

This exploded view diagram illustrates the components of a 19-inch rack assembly. The parts shown include:

- Main Frame:** A long, horizontal rectangular frame with multiple vertical slots for mounting equipment.
- Side Rails:** Two long, horizontal rails that fit into the side slots of the main frame.
- Front Panel:** A rectangular panel with a circular cutout on the left side, designed to fit the front of the rack.
- Rear Panel:** A rectangular panel designed to fit the rear of the rack.
- Top Cover:** A rectangular cover with a central slot and mounting holes, designed to fit the top of the rack.
- Bottom Cover:** A rectangular cover with a central slot and mounting holes, designed to fit the bottom of the rack.
- Circular Base:** A circular component with a flange and mounting holes, designed to fit the bottom of the rack.
